All Star DJ

DJ's with Impact

All Star DJ is dedicated professional entertainment company. We take pride in the quality of our work. You'll see the difference a "real" DJ can make at your wedding reception.

Hiring the right entertainer is essential for a successful reception. So, how do you find the right DJ? There are vast differences in the quality of disc jockeys and the companies they work for. Some people view DJ's as a commodity and choose the cheapest one they can find.

All Star DJ stands out from the others and here's why:

Peace of mind: It's reassuring to know you're working with a full-time company. All Star DJ is available to assist you with your special day. We're here with ideas and answers to your questions. By choosing All Star DJ, you'll get an information-packet including a wedding planning sheet, helpful hints, song lists and a written agreement to confirm our services. Plus, our event coordinators will be happy to meet with you personally. Appointments are necessary.

We're ready to go: Our advance planning will help your reception flow smoothly. Your only decisions will be who to dance with next!

The best people: Our MC's and DJ's add a fun, yet distinctive flavor to weddings. We're accommodating and reliable. We're also trained and certified to make a positive impact on your reception!

The professional approach to fun! We know how to create a fun and memorable reception. This is, however a serious business. We operate legally, pay our taxes, purchase our music and provide insurance for our customers, their guests and our staff. We do things the right way!

Look the part: All Star DJs are formally attired for your reception, unless you request otherwise. We'll even try to coordinate our tuxes with your colors.

May I have your attention, please? Your All Star DJ will make announcements with a professional flair, keeping your guests up-to-date on what you're doing.

Puttin' on the hits: We bring an incredible selection of music to every event. Most wedding receptions require a wide variety of music. We'll get requests from everyone from your niece to your grandpa. By selecting music appropriately, we hope to keep everyone involved throughout the dance.

Can I make a request? Select music from our "Greatest Hits List." It has all the big party favorites. We also take requests at the reception!

The right stuff: We use high quality equipment. Our DJ Systems are all-digital and are designed to minimize skipping. Our JBL speaker systems give you the full effect of the music. Our lights will turn a reception hall into a small nightclub. High quality wireless microphones can go anywhere for toasts to the bride and groom, or for your DJ to get busy on the dance floor.

What all do you do for receptions?

Where do I begin? We are your personal....

- Event Organizer
- Master of Ceremonies
- Audience Motivator
- Music Programmer
- Sound Technician
- Light Technician

Do you require a deposit: A \$100 deposit serves as a down payment. The remaining balance and all planning forms are due two weeks before the wedding.

What about overtime: All Star DJ's base package includes up to four hours of service. There is an option in your agreement to extend the playing time, at your request, provided the venue management approves. The overtime wage is written on your agreement and may be paid directly to your disc jockey when the party's over.

Is there a charge for travel? Not within 50 miles of Manhattan.

Do your DJ's drink while working? No. All Star DJs do not smoke or drink alcoholic beverages while performing at your reception.

What do you need at the reception facility? All we request is easy access to electricity and adequate space to set up our system. We like to set up 60-90 minutes before your guests arrive. We provide our own tables, skirting, equipment, music and personnel! You don't need to make any special arrangements for us! Less hassle for you.

Where do you get your music? All Star DJ purchases legitimate CDs through professional services and local music stores. We are in full compliance of digital copyrights law. Several DJ companies have been shut down or sued for obtaining music illegally over the Internet or mass-producing their own CDs.

Do we take breaks? Not typically

Are you interactive with the audience? We have lots of good music and some icebreakers as we need to be, without turning your reception into a circus sideshow.

What else can you do for us? We can add karaoke, big screen projectors & screens, sound and lighting rentals for ceremonies and discounts on invitations.

Ask about our Military Discount!

Sounds Great! How do I book?
